Foreword

We congratulate ourselves on the publication of our fifth Annual, Excelsior. We feel that we are exhibiting foresightedness, in that we are storing up for ourselves future happiness. We know that we shall derive great pleasure from this reminder of our high school days. The memory of this period of our lives, and especially of the friendships formed, will linger to tell us through the years. By means of this Annual we hope to recapture the joys of our youth long after it has slipped away.

Dedication

MISS LYDIA C. HENDERSON

With a deep sense of gratitude this fifth edition of EXCELSIOR is dedicated to Miss Lydia C. Henderson our Librarian who wears a broad friendly smile, whose interest is exhibited in every department of the school and whose aim is to assist everyone in his profound search for knowledge.

Who's Who

Dewitt Alfred Wins Ford Foundation Scholarship Award of $750.00

DeWitt Alfred, a member of the sophomore class, age 14½ years, was winner of a Ford Foundation Scholarship Award of $750.00 to Morehouse College. The test was administered by Morehouse College.

This scholarship was won through competitive test with high school students over the country who had not reached the age of 16 years March 30, 1952.

At the age of eight years he won $260 in a National Essay Contest on "My Favorite Big League Baseball Player." He chose Ted Williams. It was sponsored by the Parent Magazine and locally by Miller Bros. Department Store.

Students and teachers of Howard have found him to be a serious student with a pleasing personality. He has shown willingness to co-operate with both teachers and students since he entered the school.
